(a) The “Contract Documents” consist of the documents listed below in this paragraph, including all Modifications thereto, all of which form the “Contract” and are as fully a part of the Contract as if attached to this Agreement or repeated herein. A “Modification” to the Contract is: (1) a written amendment to the Contract signed by both parties; (2) a Change Order (as defined in and pursuant and subject to Part II of the Contract, General Terms & Conditions, Section H and its subparts) signed by both parties; or (3) a Disputed Change Order (as defined in and pursuant and subject to Part II of the Contract, General Terms & Conditions, Clause H5) issued by Princeton University. The Contract Documents are:

 - [INPUT - other Attachments, if any].
- (2) **General Terms and Conditions for Construction Contracts (v9.0 05-2020) (Part II)** (the “General Terms & Conditions”). Any references in this Agreement to specific ‘Clauses’ of the Contract refer to this document.

[if any]
 - Attachment 7 – Document List, dated [INPUT], which, without limitation, identifies the Drawings and Specifications (#INPUT pages).
 - Attachment 8 – Assumptions and Clarifications and Exclusions, dated [INPUT] (#INPUT pages). This Attachment includes the following
 - (sub-bullet any internal docs to identify).
 - Attachment 9 – any other documents.
- (4) **Project Schedule, dated [INPUT] with a data date of [INPUT] (Part IV).**

(b) Any documents attached to any of the above identified Contract Documents or identified therein as being part of said document or this Contract at the time of execution and delivery of this Contract shall be deemed incorporated therein and herein as part of the Contract Documents subject to any other applicable terms and conditions of the Contract Documents.

(1) Without limitation to the above Contract Documents, the inclusion of any attachments to this Agreement (Part I) are intended to amplify the Contractor’s obligations under this Contract and shall not be interpreted to limit the Contractor’s obligations in any manner whatsoever. Accordingly, to the extent that some obligations in any attachments are repeated in the Contract Documents and others are not, such omission is not intended to and shall not limit Contractor’s obligations in any manner. Additionally, without limitation to the general applicability of Article I(d) below to all terms and conditions and obligations of the Contract Documents, to the extent of any conflict, inconsistency, ambiguity, or omission between or among the terms of any of the Contract Documents and attachments to this Agreement (Part I), the greater or more stringent terms/conditions/obligations as applied to the Contractor shall control

(c) The Contract represents the entire and integrated agreement between the parties and supersedes any and all prior negotiations, representations or agreements, either written or oral. Except for Princeton University’s right to unilaterally issue a Disputed Change Order (as defined in and pursuant to Clause H5) the Contract Documents may be changed, modified, or amended only by a written Modification signed by both parties. Specifically, Letter Contract FC100#### (as amended, if so) between

Princeton University and the Contractor for Early Start Work for this Project is encompassed and superseded by this Contract and all Work and all costs for the Work (however defined therein) thereunder are included as part of this Contract and the CPFF established herein, and payments made thereunder shall be treated as payments hereunder and credited to Princeton University accordingly. **[Delete preceding sentence if Letter Contract is not applicable.]**

(d) The Contract Documents are intended to be complementary and interpreted in harmony so as to avoid conflict, with words and phrases interpreted in a manner consistent with construction and design industry standards. The intent of the Contract Documents is also to include all items necessary for the proper execution and completion of the Work by the Contractor. Since the Contract Documents are complementary, what is required by one shall be as binding as if required by all; it being the intention of the Contract Documents to include all things reasonably inferable from the Drawings and Specifications. Items not expressly included in the Contract Documents, but which are reasonably inferable therefrom as being necessary to produce the intended results, shall be deemed included in the Work. In the event of any inconsistency, conflict, or ambiguity between or among the Contract Documents, the Contractor shall notify Princeton University before proceeding to request written clarification from Princeton University or the Architect/Engineer (if such request relates to the Drawings or Specifications) to resolve any such inconsistency, but in all instances of any such inconsistency, conflict, ambiguity, or omission the Contractor shall provide the better quality or greater quantity of Work or comply with the more stringent requirement or stricter obligations unless expressly qualified in Contractor's Assumptions and Clarifications and Exclusions document attached as part of Part III of the Contract, or unless otherwise agreed in writing in advance by Princeton University in its discretion.

ARTICLE II – DEFINITIONS

(a) Certain definitions applicable to this Contract are found in General Terms & Conditions (Part II) Clause A1 - Definitions. The following additional definition is also applicable to this Contract. The defined term herein and those in Clause A1 are not intended to be a comprehensive list of defined terms in the Contract, many of which are defined elsewhere in individual provisions of this Agreement (Part I of the Contract), the General Terms & Conditions (Part II of the Contract), and the other Contract Documents.

(b) The term "Architect/Engineer" as it appears in the Contract Documents shall specifically mean **Project Architect or Engineer**, having an office at **Project Architect/Engineer City, State** and shall aggregately include all subconsultants employed or retained or coordinated by the Architect/Engineer including structural, mechanical, electrical and other engineers and all other consultants to design the elements and observe the construction of a complete building structure and system. It is understood that the Architect/Engineer may be terminated during the term of this Contract and such termination shall not be a breach of this Contract. If the employment of the Architect/Engineer is terminated, within a reasonable time thereafter and to the extent reasonably necessary for the progress of the Project, a new Architect/Engineer shall be retained whose status under the Contract Documents shall be that of the former Architect/Engineer. Notwithstanding the inclusiveness of the defined term Architect/Engineer herein, any required approvals from Architect/Engineer or any submittals to or communication with Architect/Engineer as required of Contractor by or pursuant to the Contract Documents shall be through or with the firm set forth in the first sentence of this Article II(b) (by its authorized representative on this Project as made known to Contractor), unless expressly authorized or directed otherwise in writing by said firm or Princeton University.

ARTICLE III – STATEMENT OF WORK

(a) **General.** The Contractor shall furnish all labor, equipment, material and supervision to complete the Work indicated in the Contract Documents listed or referred to in Article I hereof for the Project, in accordance with this Contract.

(b) **Building Information Modeling (BIM).** BIM Services [X] are [] are not included in the scope of this Contract. If BIM Services are required as part of this Contract, Contractor shall be required to utilize BIM technology in coordination with the Project team in compliance with Section 1.5 of the Princeton University Design Standards Manual, Release 13.0 (August 2020) and its appendices, each of which shall be deemed incorporated herein by reference and made a part hereof and form part of the Contract Documents as if enumerated in Article I(a). It is understood that certain of the aforementioned appendices may be forms or templates and shall serve in that capacity. If BIM Services are required as part of this Contract, the Project’s BIM Execution Plan, when complete and approved by Princeton University in its discretion, shall likewise be deemed incorporated herein and made a part hereof and form part of the Contract Documents as if enumerated in Article I(a). The aforementioned Design Standards Manual may be updated bi-annually, although more current individual sections or supplements may be provided on an as-needed basis.

ARTICLE IV – COST PLUS FIXED FEE and TARGET PRICE

(a) **Cost Plus Fixed Fee and Target Price.** In full consideration for the performance of the Work and all other obligations of Contractor hereunder, Princeton University agrees to pay the Cost of the Work plus a Fixed Fee (the “Cost Plus Fixed Fee” and/or “CPFF”). The Contractor’s “Fixed Fee” is the fixed amount set forth in the summary below. The term “Target Price” as it appears in this Contract shall mean the total estimated amount for the Cost Plus Fixed Fee (CPFF). The total amount established for the Target Price is **\$XXX,XXX,XXX (Enter dollar value text)**. The elements comprising this Target Price amount are more fully detailed in the Target Price Breakdown and Basis Documents set forth in Part III and are summarized here as follows:

Subcontractor/Trade Costs	\$xx,xxx,xxx
General Requirements	\$x,xxx,xxx
Subtotal Direct Work	\$xx,xxx,xxx
General Conditions Costs	\$x,xxx,xxx
Subtotal Construction Costs	\$xxx,xxx,xxx
GL/Excess Insurance	\$x,xxx,xxx
Subcontractor Default Insurance (SDI)	\$x,xxx,xxx
Builders Risk Insurance (BRI)	\$xxx,xxx
Total Cost of the Work	\$xxx,xxx,xxx
Contractor’s Fixed Fee	\$x,xxx,xxx
TOTAL Target Price	\$XXX,XXX,XXX

The Target Price is established for the purpose of providing Princeton University with a projection of the estimated total cost of construction for the Project. The Target Price shall not be construed as a limitation on the total amount payable to the Contractor under this Contract nor shall it be construed as an entitlement to the Contractor in the event of an underrun. However, notwithstanding the preceding, changes to the estimated Target Price shall be made only by the issuance of an appropriately authorized Change Order signed by Princeton University subject to the terms and limitations in this Article IV and elsewhere in this this Agreement and in the General Terms & Conditions.

(b) **General Conditions Costs.**

(1) Attached as part of the Target Price Breakdown and Basis Documents (Part III of this Contract) is Contractor’s General Conditions Cost Itemization, which identifies each category of the Contractor’s “General Conditions Cost” component of the Cost of the Work as agreed upon between Princeton University and Contractor. Contractor shall not be entitled to reimbursement for any categories of costs that are generally considered in the construction industry to be “general conditions” costs unless they are identified on the General Conditions Cost Itemization included as part of the Target Price Breakdown and Basis Documents (Part III of the Contract) notwithstanding any other provision of the Contract Documents to the contrary that may otherwise allow for reimbursement of such or identifies such costs as a Cost of the Work, including, without limitation, Clause L4(a).

(2) Notwithstanding anything in the Contract to the contrary, the Contractor expressly acknowledges and agrees that a material inducement for Princeton University to enter into this Contract, among other things, is the Contractor’s guarantee that the actual costs incurred for its General Conditions Costs shall not exceed the amount of ~~\$x,xxx,xxx~~ as more fully detailed in the Target Price Breakdown and Basis Documents set forth in Part III and summarized in Article IV(a), and that all costs or expenses in excess of this amount shall be borne by the Contractor unless adjusted by an appropriate Change Order signed by Princeton University. See also Terms & Conditions Clause L4(b). Should Contractor seek an increase in the not to exceed amount of the General Conditions Cost set forth above, the Contractor, in making a Claim for an increase in the Target Price for alleged increased General Conditions Costs in connection with any alleged change in the Work or an alleged excusable delay or otherwise, shall submit a separate Change Order Request exclusively addressing General Conditions Costs and shall include supporting rationale for the Claim (in addition to complying with all requirements in the General Terms & Conditions). Change Order Requests addressing changes to the Work shall not intermingle costs or expenses for General Conditions Costs with other costs claimed with respect to any claimed change in the Work. The Contractor is not entitled to a mark-up for overhead/profit/fee assessed on any Claims or Change Orders for General Conditions Costs and such General Conditions Costs shall not be included in any calculations to establish or adjust the Contractor’s Fee in accordance with paragraph (c)(1) below.

(3) **Hourly Billing Rates. [Check Applicable]:**

The parties have agreed to the fully-burdened Hourly Billing Rates set forth below for the Contractor’s salaried project administration and field supervision staff and other direct-hire labor included as part of the General Conditions Costs for this Project. These billing rates have been established solely for the purpose of comprehensive reimbursement of the Contractor’s labor costs by Princeton University.

Individual/Labor Category	Hourly Rate

These Hourly Billing Rates are subject to audit and shall be adjusted either up or down as a result of the audit review. Any corresponding General Conditions Costs billed to date shall then be adjusted accordingly and a billing credit or charge applied on a subsequent payment application.

Prior to increasing rates for existing staff or adding any new staff to the Project team, the Contractor shall provide hourly billing rates for Princeton's consideration and approval within its discretion and, if and to the extent approved, incorporation into the Contract.

OR

[] The parties have agreed to the fully-burdened fixed hourly billing rates for the wages and salaries of Contractor's project administration and field supervision staff and other laborers directly employed by Contractor included as part of the General Conditions Costs for this Project, which are set forth in Part III of the Contract (Target Price Breakdown and Basis Documents). These hourly billing rates shall remain fixed and in effect for the duration of this Contract unless set forth in Part III as subject to escalation and if so, only to the extent set forth therein.

(4) **Methodology for Charging Vacation and Holidays.** The parties have agreed that vacation and holidays will be charged as follows: [insert applicable language]

(c) **Adjustments to the Target Price.** The Target Price may be increased or decreased only pursuant to approved Change Orders signed by Princeton University as provided for in this Article and in accordance with General Terms & Conditions Section H - Changes in the Work and/or the Contract. The Contractor's Fixed Fee established in this Contract is a fixed amount that shall be adjusted only as provided for in this paragraph (c)(1) and paragraph (c)(2) below

(1) **Upward Adjustment to Target Price for Contractor's Fee.** The Contractor's Fixed Fee established in this Contract is a fixed amount and it shall not fluctuate or be revised upward based on the actual Cost of the Work, and the Contractor is not entitled to additional fee on Change Orders nor shall Change Orders cause any modification to the Contractor's Fixed Fee. However, upon completion of the Work, if the cumulative net total of all Change Orders result in an increase to the Target Price in excess of \$X,XXX,XXX.XX, then the Contractor's Fixed Fee shall be correspondingly increased by an amount equal to NN% of the cost of the applicable Change Order Work in excess of \$X,XXX,XXX.XX. Notwithstanding the preceding, when calculating the cumulative net total of all Change Orders that increase the Target Price for the purpose of this paragraph (c)(1), amounts related to the following shall be excluded from any and all calculations and Fixed Fee adjustments:

- (i) any Change Order issued to increase the amount established for General Conditions Costs without regard to the reason for the increase, with the express understanding that the Contractor is not entitled to any overhead/profit/fee assessed on General Conditions Costs and such costs shall be excluded from any calculations of the Contractor's Fixed Fee.
- (ii) Change Orders or amendments issued to incorporate priced Alternates that have been specifically identified in the Target Price Breakdown and Basis Documents or as part of Subcontractor bids at the time of execution of this Contract.

(2) **Downward Adjustment to Target Price for Contractor's Fee.** The Contractor's Fixed Fee established in this Contract is a fixed amount and it shall not fluctuate or be revised downward based on the actual Cost of the Work and there shall be no mark-down for Fee on individual Change Orders nor shall individual Change Orders cause any decrease to the Contractor's Fee. However, upon completion of the Work, if the cumulative net total of all Change Orders result in a decrease to the Target Price by \$X,XXX,XXX.XX or more, then the Contractor's Fixed Fee shall be correspondingly decreased by an amount equal to NN% of such amount.

(3) **Adjustment to Target Price for Insurance and SDI Costs.** Calculations of the insurance and Subcontractor Default Insurance (SDI) amounts included in the Target Price have been made using the following rates and bases as further detailed in the Target Price Breakdown and Basis Documents (Part III of the Contract) and billing and/or adjustments to the Target Price based on the actual Cost of the Work and/or by Changes in the Work and/or the Contract (all by signed Change Order only) shall be consistent with the same as follows:

- (i) The GL/Excess Insurance rate is x.x% applied to the actual Cost of the Work for Subcontractors/trade costs (direct work).
- (ii) The Subcontractor Default Insurance rate is x.x% applied to Subcontractor/Trade Costs (refer to Article IX(d) for further information regarding the calculation, adjustment and payment of SDI costs).

(d) **Target Price Savings.** Upon completion of the Work, the Contractor shall provide to Princeton University a detailed and complete accounting of the actual Cost of the Work for the Project. Should the actual final Cost of the Work plus the Contractor’s Fixed Fee be less than the Target Price as adjusted pursuant to this Contract (Target Price “Savings”); the Savings shall accrue one hundred percent (100%) to Princeton University and zero percent (0%) to the Contractor.

(e) **Payment Schedule.** Prior to the submission of the first Application for Payment, Contractor shall prepare and submit for Princeton University’s review and written approval a Schedule of Values that allocates the entire Target Price to trade breakdown line items and a Fee payment schedule. The Schedule of Values shall be the basis for the Contractor’s monthly Applications for Payment and it shall be updated as necessary to reflect changes in the Target Price, to reflect the actual buyout of the Subcontracts, and to reflect approved Change Orders.

(f) **Limitation on Subcontractor Markup.** Contractor shall include in each Subcontract a limitation on the markup that Subcontractors can include in their change orders. The cumulative total markup (Subcontractor markup plus all lower-tier Subcontractor markups) shall not exceed fifteen percent (15%) of the direct cost of the change in the Work.

ARTICLE V – TIME OF PERFORMANCE
